

# eero PoE Gateway

A wired eero router and 10-port, PoE+ smart network switch in one device.

eero PoE Gateway serves as your network's backbone: two 10 Gigabit Ethernet (GbE) ports deliver our fastest wired experience and will be compatible with future wifi standards and technologies.

With a 140W power supply unit and eight 2.5 GbE PoE+ ports, eero PoE Gateway supplies 100W of pooled power for PoE-enabled devices—including up to seven eero PoE 6 access points.

Designed for flexible installations in structured wiring cabinets, network racks with a purpose-built 1U shelf, or under a counter, eero PoE Gateway discreetly powers the ultimate whole-home or small-business wifi experience.

For larger installations, multiple eero PoE Gateways can be used as smart switches to support more access points and connected devices.

## PACKAGING INCLUDES

One eero PoE Gateway and one 140W USB-C power supply unit (PSU).

## OPTIONAL ACCESSORIES

1U Rack Shelf and eero CAT6a Ethernet cables.

## TOP PRODUCT BENEFITS

### Fast network speeds

eero PoE Gateway can support wired speeds up to 9.4 Gbps (upload and download) on either of two 10 GbE ports. With eight 2.5 GbE PoE+ ports, eero PoE Gateway can provide internet to access points, computers, security cameras, POS systems, and other devices around a home or small business.

### Powers your PoE system

With a 140W USB-C power supply, PoE Gateway provides 100W of pooled power for PoE devices, up to 802.3bt class 5 (45W).

### Router and PoE smart switch in one

Reduce hardware investment and complexity in installations with this two-in-one, multi-gig wired router and 10-port, PoE+ smart network switch.

### Manage it all remotely

With eero for Pro Installers, you can set up, manage, and troubleshoot all your customers' networks in the eero app. Easily reboot individual ports remotely—for instance, installed access points.

### Gets better over time

Automatic updates bring you the latest features and help keep your network safe and secure.

### World-class customer support

Our highly trained support team is ready to help resolve any wifi issues by email at [support@eero.com](mailto:support@eero.com) or by phone in the U.S. at +1-877-659-2347.

## TECHNICAL SPECIFICATIONS

### Wireless and Ethernet

#### Ethernet

Two auto-sensing 10 GbE ports  
Eight auto-sensing 2.5 GbE PoE+ ports

#### Frequency bands

ISM (2.4 GHz)

### Antennas

BLE/802.15.4 antenna

### Services and smart home

#### Smart home hub (limited range)

Thread, Zigbee, Matter (controller only),  
Bluetooth Low Energy 5.0  
Works with Alexa and Amazon  
Connected Home

#### Management tools

iOS & Android apps  
Parental Controls  
Password sharing  
eero Insight

#### Compatible subscription services\*

eero Plus  
eero for Business  
eero for Service Providers

### Physical characteristics and power

Actual size and weight may vary by manufacturing process.

#### Size

with rubber feet  
9.8 x 5.3 x 1.8 in.  
(250 x 134 x 45 mm)  
without rubber feet  
9.8 x 5.3 x 1.7 in.  
(250 x 134 x 43 mm)

#### Weight

2.6 lbs. (1.2 kg)

#### Operating temperature

32°F-104°F (0°C-40°C)

#### Power

eero 140W power supply unit,  
100-240V AC

### Warranty

1-year limited warranty

## Use cases

### Smart homes

The proliferation of connected devices in people's homes can tax network infrastructure. eero PoE Gateway can serve as the backbone for both a wired and wireless home network.

### Retail storefronts

Internet connectivity is critical in the modern retail storefront; eero PoE Gateway can power dynamic lighting displays, music and audio experiences, and critical infrastructure like point-of-sale systems.

### Multi-dwelling units (MDUs)

Use eero PoE Gateway to provide seamless internet access in common areas of apartment buildings, condominiums, and senior care facilities.

### Office phone systems

Power voice over internet protocol (VoIP) phone systems with eero PoE Gateway, ensuring a fast and reliable internet connection for this business-critical function.

## FAQs

### What is eero PoE Gateway?

eero PoE Gateway is a wired eero router and PoE+ smart network switch—in a single device. For larger installations, multiple eero PoE Gateways can be used as smart switches to support more access points and connected devices.

### Does eero PoE Gateway have wifi?

No. eero PoE Gateway is a wired networking device designed to power the ultimate home or small-business network. It can connect, via Ethernet cable, a range of devices like eero PoE 6 access points, tabletop eero devices, gaming PCs, or other PoE products like security cameras or doorbells. Wired connections will ensure greater reliability and performance for high-bandwidth devices and applications.

### Where can eero PoE Gateway be mounted?

eero PoE Gateway is designed to fit a range of installation options. The rubber feet can be removed, exposing screw holes for mounting on a custom eero network rack shelf. It can also be easily mounted into a structured wiring cabinet, helping to ensure clean and efficient installs. Or it can simply sit on a shelf or under the front counter of a small business.

Works with Alexa not available in all countries. eero PoE Gateway and services, including eero subscription services, are subject to the disclaimers found at [eero.com/disclaimers](https://eero.com/disclaimers)

\*Additional services each require a separate subscription.
